

FRED'S APPLIANCE UNIVERSITY

MADISON, OH

At Fred's Appliance University students are given hands-on classroom instruction from an instructor with over 30 years experience in the appliance repair industry. The class will start with basic electrical circuitry and schematic training followed by laundry, kitchen, and refrigeration. A variety of makes and models will be introduced to the students allowing for a complete education on appliance repair. The course will then be wrapped up with a NASTeC (National Appliance Service Technician Certification) exam.

A 3-WEEK COURSE FROM A TRUE APPLIANCEHEAD

- Hands-on repairs on many different makes/models
- All brands
- Basic electricity
- Customer service/soft skills
- Schematics
- Troubleshooting
- Brazing/Soldering
- NASTeC Certification

APPLIANCE REPAIR TRAINING COURSE

A COMPLETE & SUPERIOR SOLUTION

www.fredsappliance.com

PROVIDING SUPERIOR APPLIANCE REPAIR TRAINING

Our diverse technical training program will give you a fantastic foundation for a successful career in appliance repair.

Fred's Appliance University has developed a complete and comprehensive technical training program focused on servicing all major appliances. The course is not just simply made up of technical training. It covers many facets of service including customer service skills and live tech rides. Additionally, each student will have access to a computer to learn how to harness the internet to obtain useful technical information, including parts look-up, directly from many manufacturer websites.

Course Points

- Electrical theory
- Schematic reading
- Brazing/soldering
- Hands-on experience
- All brands
- Proper tools
- Troubleshooting
- Internet Use
- Parts Lookup
- NASTeC Certification
- Washers
- Dryers
- Refrigerators
- Ranges
- Dishwashers
- Microwaves
- Dehumidifiers
- Window A/Cs
- Ranges Hoods
- High-End Products

Certification

Once the 3 week course is complete, each student will take the NASTeC (National Appliance Service Technician Certification) exam. This exam is recognized nationally. The exam fee is included in the course fee. Also, if desired, students will be offered the opportunity to take a Class one CFC certification for a nominal fee.

Instructor Credentials

Fred Butcher has over 30 years in servicing appliances. He is currently an owner of Fred's Appliance, LLC, a successful service company in the greater Cleveland, OH area. He holds NASTeC certification along with CFC certification. Additionally, he has been a contracted instructor at an area community college for appliance technical training that holds an outstanding success rate.
